

Economic Plants and their Ecological Distribution

J.A. Duke, S.J. Hurst and E.E. Terrell

Plant Taxonomy Laboratory, Plant Genetics and  
Germplasm Institute, U.S.D.A., Beltsville, Mary-  
land 20705, U.S.A.

	<u>Life Zone</u>	<u>pH</u>	<u>Annual Temp.(0°C)</u>	<u>Annual Precipitation(DM)</u>
<u>Lotus corniculatus</u>	Boreal, moist, wet - subtropical, moist	4.5-8.2	5-23	3-15
<u>Lotus pedunculatus</u>	Cool temperate, moist, wet, Tropical, thorn,wet	5.3-8.2	7-21	3-15
<u>Lotus tenuis</u>	Cool temperate, steppe, wet - Warm temperate, moist	4.8-8.0	7-17	4-12

Centre of Diversity for all three species: Eurosiberian
