

New Journal

A new journal, LEGUME RESEARCH, has been initiated by the Agricultural Research Communication Centre, Sadar, Karnal, India, with Dr. S. Chandra as the chief editor, supported by an international editorial board. The journal, which will appear twice annually, is designed to highlight the fundamental and applied aspects of legume physiology, genetics, breeding, bacterial activity, product quality and technological aspects of cultivation, processing and evaluation. Annual subscription: Rs. 40.00, £ 8.00, or \$15.00 (one year); Vol. 3, 1979-1980. Rs. 100.00, £ 20.00, or \$40.00 (three years).
