SEEKING A NEW EDITOR FOR THE LOTUS NEWSLETTER

This is the 14th volume prepared by the present Editor. It has been a pleasure corresponding with persons interested in Lotus and in preparing the Newsletter, one finds out what is going on, just a little ahead of everyone else. However, this is the 14th year that the Lotus Newsletter has been prepared by the present Editor. He feels that someone else might like to take over and perhaps devote more time to gathering information for the readers.

If you are interested in editing the Lotus Newsletter contact me. I will be pleased to send you the plate for the cover (if you wish).
